Comments: Name Clinton Allert

I strongly support the Dead Laundry Project.

Fire prevention has been severely compromised because of the lack of logging in the Clearwater and the Laundry creek area.

Also the lack of road maintains has caused damage to surrounding area and has limited access. With this project the roads will be better maintained and less damage to creek and streams.

I strongly urge you to go forward with this project in the Laundry Ridge area.

We need more timber harvesting in the Clearwater NF.

Thank you for keeping me advised

Clinton Allert
