Comments: I am in support of the maintenance needed in the Honey Badger project area for single track trails. As well as the construction of new single track trails. I do not agree with changing a single track trail to <50" trail nor do I agree with decommissioning of single track trail without replacing it with new single track trail. I am a Multi User of Canfield and spent many hours clearing trail for all users. I hope we can preserve the single track and keep them accessible to multi user. I do not agree to segregation in the Canfield Trail system
