Comments: Hello Forest Service Team,

I am writing to voice a deep concern for the decreasing of the Big Summit herd size to 12-57 horses. I second expressions of belief that this action is an extreme threat to the wellbeing of the herd as well as to the integrity of the organization empowered to responsibly manage the herd.

The Big Summit herd has added so much to my enjoyment of the our community's wilderness. They are beautiful, majestic creatures who deserve to be protected. I implore you to find other avenues to manage the herd and to consider expanding their grazing areas. We can find ways to coexist and thrive.

Thank you for hearing all of our voices and for all of your hard work.
