Comments: I support Alt. #3 .  I object to the terminology the Forest department used when they state the want to "DISPOSE" of wild horses.  They are icons of our American history and have federal protection equal to that of our Bald Eagles. They deserve  to have more land and the population managed by humane darting of birth control. Stop the costly round-ups and long term holding. It is a waste of taxpayer dollars and it is inhumane and cruel.
