First name: Grayson

Last name: Bauer

Organization:

Title:

Comments: I wholeheartedly support the banning of dogs and glass at the Wildwood put-in. I would also like to see a ban on speakers and a cap on the number of users at any given time. The preserve has simply become too crowded for wildlife or humans to enjoy. Enforcing the regulations by actually writing tickets, rather than just giving warnings would quickly offset extra patrols by the Forest Service and Pitkin County OST Rangers.

Thank you for your consideration,

Grayson Bauer
