First name: Jan-Willem

Last name: Jansens

Organization: Ecotone Landscape Planning, LLC

Title: Owner/Principal

Comments: I have reviewed the Draft EA and find it of high quality. It is comprehensive and detailed. I welcome the process approach advocated in the EA, instead of the conditions (form)-based approach that was often prevalent in the past. I fully support this EA and hope that I can be involved in the future to support the US Forest Service with realizing some of the planning and implementation aspects of projects this EA has outlined.
