Greetings,

I understand you are asking for public opinion regarding the forest area, Lutsen wanting to develop on. There has to be a happy medium. I am suggesting, finding a section that would be less of an impact to the nature there, but also allow Lutsen to develop. I would love to see Lutsen grow. I have walked and skied the trails there. I have been visiting Lutsen area for over 30 years.

Sincerely,

Patience R.
