Comments: Hi There,

My name is Laurel Titus and I grew up in Ferndale, WA. I grew up hiking through these hills with my grandparents and parents. I have enjoyed the beauty of the Mt. Baker National Forest my whole life. I am asking that you please leave it be and turn down the proposal that the Forest Service has planned for the North Fork Nooksack Vegetation Project. You cannot say that you are rehabilitating wildlife habitat while dually cutting down 3,600 acres of trees. Shame on you.
