Comments: Dear sirs:

Please disallow timber cutting in our backyard. I've lived in Bellingham 63 years and my backyard is the North Cascade Wild. I've spent my youth and adulthood roaming these vast roads and waterways and its attractions need preservation for centuries to come. Please stop the carnage. Please keep natural all this forestland for the ecology to be maintained and the beauty appreciated for generations to come...I travel up the 542 corridor extensively to ski in winter, recreate the cascades in the summer. This masterpiece of nature needs to be left natural and untouched...
