First name: Cody

Last name: Taylor

Organization:

Title:

Comments: Please reconsider the option besides the funds that would come from it. Keep it natural and wild.

Outdoor recreation and hunting would be greatly effected as well as the natural beauty in the state. It would be another ugly scalped portion of the land that is already so prevalent by a quick satellite imagery search. I come up from Oregon to mountain bike the gorgeous state you all have. Oregon already a lot of scalped land. Don't be like Oregon. :)
