Comments: I am writing to strongly oppose the proposal to expand logging along the North Fork Nooksack river in the North Cascades mountains in Washington State. I live across the country, but whenever I visit family in Seattle, I always ask to go the Mount Baker-Snoqualmie area. It is a place of rare beauty and majesty that should be protected and preserved.

Furthermore, the proposal falls short of the baseline agency rule making standards including assessing the environmental impact, and impact on the local communities.

I hope sense and reason will prevail and this proposal will not be approved. for the sake of the forest. for the sake of our legacy we leave for or children, for the sake of carbon capture, for the sake of sane forest management policies.
