Comments: Dear Forest Service,

As caretakers of the land, forest, water, and marine life, I am expressing my strong opposition to the clear-cutting proposed in the Nooksack Watershed. It is of utmost concern that we protect what we still have from the devastation that would happen to so many species with such a clear cutting. Please DO NOT LOT IN OR NEAR THE NOOKSACK WATERSHED.

Thank You.

A long time member of Whatcom County

Shirley
