Title:

Comments: Please close the gates to the entrance to the parking area from Widgi Creek. Last year we experienced attempted break in, trespassing on people's property. So far this year we have had two instances of vandalism and we are in the middle of June. These people are parking right on the scenic highway. I'm building a new house at Widgi, I had to pay \$1500.00 to get my permit because it's on a scenic hwy. That hardly seems fair. Some people are now camping off of Meadows Road, which is a no camping area. If this isn't stopped, it will completely ruin the whole area, with fires, trash and human waste.

Sincerely,

Marlene Boynton
