Title:

Comments: We need another dam like we need a hole in the head, or like we need another school shooting, or like we need another Flint Michigan catastrophe.

The only creatures who need more dams are the metro district lawyers and out-of-state home builders who cannot stop themselves. These guys are like addictive gamblers or opium users/dealers. Its never enough for them. More and more environmental damage so that they can build more and more unsustainable, unaffordable and ugly housing for every tom, dick and harry who decides that Colorado is the place to use up resources, and make a mess out of the state. Enough is enough! Stop the damn dams!
