Comments: This is my playground, my place to rejuvenate and be one with nature. I love to hike and ski, as do others, It brings in lots of recreation dollars to our community....that won't happen if it is scarred and decimated. We are just now breaching a dam to help the salmon runs on the Nooksack and the orcas in the ocean. Why would we want to cut down beautiful old trees that support a myriad of life? Please do not allow the cutting of the majestic forest.
