Comments: I am deeply concerned about the Whitney Reservoir projects impact not he environment and the complex fen wetlands. The proposed work on this project would disrupt the delicate balance in this beautiful area of the Holy Cross Wilderness. This area was dramatically impacted a few decades ago with the Homestake reservoir and is finally recovering from that impact. Please do not begin another disruption in this beautiful drainage that is precious to those of us who live here.

I oppose reduction of any federal Wilderness Areas, and especially the unique Holy Cross Wilderness which is already being dewatered by Homestake Partners.
