First name: MICHAEL

Last name: TIBBETTS

Organization:

Title:

Comments: I am writing this letter in protest to the encroachment, and or use of any wilderness area for the use of drilling or the building of a new dam. This country has destroyed far too much natural beauty and wildlife. Everything can not be about greed and leave our ancestors with nothing to marvel at.

Please oppose any and all future human impact on our natural resources.

Thank you very much!
