Comments: I strongly oppose the requested special use permit (SUP) and related Categorical Exclusion (CE) for geotechnical investigations in connection with Homestake Partners' proposed transmountain diversion of water from Homestake Creek in the Holy Cross Wilderness for the Whitney Reservoir project. I am deeply concerned by the environmental impact it will have on this cherished area and I do not want to see the wilderness territory further altered and reduced. Instead, I believe the communities of Aurora and Colorado Springs should take action to reduce their water needs, and not destroy our Wilderness and rivers.
