Comments: Why do people think they can continually deplete our natural resources without any consequences?

In Colorado, water is a most precious resource. Let Aurora and Colorado Springs find alternate solutions to their water needs. They have no right to impact so many of us by diverting water for their project.

I strongly oppose the requested special use permit (SUP) and related Categorical Exclusion (CE) for geotechnical investigations in connection with Homestake Partners' proposed transmountain diversion of water from Homestake Creek in the Holy Cross Wilderness for the Whitney Reservoir project.

It is time to end this water grab now.
