Comments: I am opposed to the expansion of Purgatory Ski Resort, specifically the Ice Creek Pod Project #57877. This expansion will threaten wildlife habitat especially of lynx and cutthroat trout--both of which are struggling already to maintain/recover their populations. Also, in the face of climate chaos the use of more non-renewable resources in polluting and climate-negative ways to power recreation is highly inadvisable, destructive and down-right irresponsible. Please do not approve this plan--be brave and do the right thing for the species who do not have a voice and the planet. Thank you for the work you do.
