First name: Michael and Donna
Last name: Baker
Organization:
Title:
Comments: When we built our home in Widgi Creek 19 years ago we paid $750 to some government entity because we detracted from scenic highway views on Century Drive. We believe our home looks much better than the hobo camp that is now allowed across the street from us.

The inhabitants of said hobo camp have no respect for rules or regulations. They steal water, litter, and light bonfires without concern. We also believe they trespass on private property.

Please take action to stop camping across from our community.

Thank you. Michael and Donna Baker
