Comments: Comments on North Fork Nooksack Project #58218.

Dear Mt. Baker District Ranger Uloth,

I'm writing to provide scoping comments for the North Fork Nooksack Vegetation Management Project #58218.

As a Whatcom County resident I support responsible logging within the area. I know that logging, even clear cutting, provides valuable habitat regeneration that supports deer, elk, and bear and many other animals. This is especially true in the first 10 years after a cut.

Trees are local renewable resources that we should harvest wisely.
