Comments: I have lived here all my life, and I think the proposed expansions would be a travesty. We need to take a stand whether we are a tourist destination or a town. We need to stop bowing down to the giant corporation that thinks that they own this town. Long ago and before that Interwest has turned Steamboat into an almost unbearable situation, we constantly have traffic and people crowding up the streets. Not to mention that there is a GLOBAL PANDEMIC happening right now and the town is as crowded as ever.

Some of the area that they are proposing expanding into is very well trafficked animal habitat the mountain and the town's expansions have displaced unknown numbers of animals from habitat. There needs to be limits of what a corporation can take from us and I would hope it stops here!
