Comments: I would like to voice my support for the proposed expansion and plans, with one exception- I would like to suggest keeping Priest Creek. While it may be an older lift, it is in relatively great condition thanks to the great job of the Steamboat Lift Ops folks, and this lift has come in very handy on peak ski days. Keeping this lift as well as lifts such as the current Christy III are great for supplementing other lifts when they go down or on the busiest of days. Even if they are only used a handful of times a year. Steamboat, being the awesome mountain resort as it is, will only gain in popularity as time goes on.
