Comments: To: Mary C. Erickson, Forest Supervisor,

I object to your failing to include enforceable standards for migratory bison and their habitat.

To Leanne M. Marten, Regional Forester

I object to your failing to list American bison as a Species of Conservation Concern in Region One

The forest's preferred Alternative F is WEAK and OBJECTIONABLE on several grounds. For example, the forest continues to define natural migrations based on "management zones" that exclude bison from National Forest habitat.

I urge you both to adopt the most protective provisions for wildlife and habitat in Alternative D, and enforceable standards instead of weak desired conditions!
