Comments: Dear Sir or Madam:

I am writing to let you know my objection to the Custer Gallatin Forest Plan Revision #50185. The revision fails to include enforceable standards for migratory bison and their habitat, and Regional Forester Leanne M. Marten for failing to list American bison as a Species of Conservation Concern in Region One.

The forest's preferred Alternative F is weak and objectionable on several grounds. The forest continues to define natural migrations based on "management zones" that exclude bison from National Forest habitat.

Thank you.
