First name: Ben

Last name: Budd

Organization:

Title:

Comments: As an avid mountain biker, local to the area and dad to two young and uprising bikers I wish there were additional trails in the area more well suited for beginner bike ran younger children. Adding this trail to our local network will allow more people to get on bikes, stay active, get healthy, and spend time together as a family. Now, more than ever, families are coming together and looking for opportunities to explore and experience new things.
