this plan is to take the large old trees and log them for moneygrubbing for this agencies pockets. this is national land and belongs to 330,000,000 americans. this is assault on the forests. animals and wildlife will be damaged and destroyed and die from this assault on the forest. the trees themselves are important holders of water in their roots, and provide shades for streams keepign down temperatures so that fish can live in streasms. these size trees also prevent erosion of soil. they are a benefit to the environment. THEY PROVIDE OXYGEN FOR US TO BREATHE WHICH IS A MAJOR ASSET WE NEED WITH ALL THE DESTRUCTION OF TREES TAKING PLACE ALL OVER THIS WORLD. THIS IS LIKE THE AMAZON. WE ARE TELLING BRAZIL NOT TO CUT THE AMAZON AND THIS SNEAKY DESTRUCTIVE AGENCY IS DOING THE SAME THING IN THIS NEGLIGENT PROPOSAL TO HURT OUR ENVIRONMENT AND HURT OUR AMERICAN CITIZENS. THIS WILL HURT AMERICAN CITIZENS. THOSE TREES DESERVE RESPECT AND PROTECTION. THERE IS NO NEED SHOWN AT ALL TO ALLOW THIS LOGGING. WE NEED MORE PROTECTION IN AMERICA NOT MORE MONEYGRUBBING. OLD LARGE TREES IN FACT STAND UP TO FIRE BETTER THAN YOUNG TREES. THIS COMMENT IS FOR THE PUBLIC RECORD. PLEASE RECEIPT. JEAN PUBLIEE
