Comments: Protect habitat and list American bison as a species of conservation concern.

Dear Supervisor Erickson,

I object to your decision that fails to include habitat standards for the American bison in the Custer Gallatin land management plan.

I also object to Region One Regional Forester Leanne M. Marten's decision that fails to designate the American bison a species of conservation concern on our National Forests in the Northern region.

Please include habitat standards in the Custer Gallatin land management plan for American bison to freely roam our National Forests in the Yellowstone ecosystem.

Please designate American bison a species of conservation concern to ensure its viable future on our National Forests.

Sincerely,

Sheri Kuticka
