Comments: Concise statement explaining the objection and suggestion how the proposed plan should be improved:

\*The reasons for this objection are: Our American bison need protection, because of the precarious nature of its future existence.

\*Proposed Solution: The final alternative must include habitat standards for American Bison.

Statement demonstrating the link between objection and prior formal comments: Alternative F falls far short of the U.S. Congress's purpose to remedy man's profound impacts and influences on the natural environment and "to use all practicable means and measures . . . to create and maintain conditions under which man and nature can exist in productive harmony, and fulfill the social, economic, and other requirements of present and future generations of Americans." 42 U.S.C. § 4331(a).
