Comments: i am defiinitely opposed to th erevilla project. i am against logging in alaska and new road constructino. i am for keepign thisland ntural and for the benefit of trees and wildlife. i am against huntng and trappingin this area. i am against any grzing, drilling, mining of any kind, as well as logging. i am well aware that the federal govt is destroying nature for mercenary moneymaking for itself and the taxpayers get zero bnenefit out of this desructin of narture. we need these trees standingto make oxygen for us to breathe. wen eed nature to be left alone or we will all die like they did in easter island where nobody had the least idea of saving any part of nature. thislandi s owned by 330,000,000 americans. we shoul dnot have a few profiteers pulling all the strings to destroy nature. this project needs shut down nobody nees to destroy it.
