Comments: Dear Payette National Forest Supervisor,

I am absolutely against any mining by Midas Gold Idaho in our state and I am very much against the Stibnite Gold Project. I hope you will take the time to consider my comments on why you should deny the permit for the project.

Mining has no place on our National Forests. Let these private companies purchase their own property to destroy.

Thank you for reviewing my comments. Again, I urge you to deny the Midas Gold's plan.

Best regards,

Bob Bartholomew

Boise, idaho
