Comments: The Sandia Ski area mountain bike trails haven't been maintained for over 3 years and now you are proposing another form of PASSIVE recreation? If you maintain the mountain bike trails so that we can once again safely enjoy riding the ski area trails we don't have an objection to the Mountain Coaster. Otherwise, why are you prioritizing a non-athletic resource destroying activity over an activity that actually requires some effort and skill? MAINTAIN KING OF THE MOUNTAIN TRAIL, 10K TRAIL AND GOLDEN EAGLE TRAILS BEFORE YOU DO ANYTHING ELSE TO OUR MOUNTAIN!
