Comments:

I am in favor of the proposed Grand Targhee Ski Resort expansion project. I believe it would make Grand Targhee a destination resort, increasing the number of tourist skiers. Their vacation dollars would be spent not only on the mountain but also on lodging, restaurants, grocery stores and local shops increasing revenues throughout the area. The expansion would also draw from Jackson, WY tourist base. I believe this expansion is a win win for both the resort and the people living in surrounding towns, benefiting all.
