Comments: Hello,

I am owner of a cabin on Pine Oak Lane and vice president of the Pine Oak Lane Improvement Association. We are meeting yearly to agree on budget for maintaining the lane, and I have notice that Pine Oak Lane figures on the plan as Proposed Addition to Forest Service Road System; Use for Project Access.

I was just wondering if this meant anything for us, in terms of road maintenance.

I hope you will be able to answer my question and thank you in advance for that.

Best Regards,

Stéphane Plancke
