Title:

Comments: While this would be a nice addition, I worry about the traffic that it would bring up and down the Crest Rd. People are constantly speeding up and down the road every weekend and there is no police intervention. Every weekend there are accidents in which the cops/ambulance respond to so I would rather keep this out of the mountains. I live off the Crest Rd. and am unable to enjoy walks due to the constant speeding and fear of getting run over.
