Comments: I have been skiing Targhee since the late 70's. My friend's parents built and owned The Teepee. Targhee does not need to expand. Wildlife spaces are precious and it would be a mistake to expand this area. I still enjoy Targhee and love most of the music festivals in the summer but it is large enough. You are ruining Teton Valley like people and money ruined Ogden Valley and Snow Basin. Is it worth it? You cannot undo the damage once you go for it. This is all about money. Look how Earl Holding ruined Sun Valley and Snow Basin. All for money. He is dead and left behind a mess. Do not make the same mistake at Targhee. Please.
