Comments: I am in favor of a limited expansion of Grand Targhee. I don't want to see the resort become a mega resort that will only cater to the wealthy. However, I do understand that Targhee needs to grow to survive. I am in favor of expanding the skiable terrain and the number of lifts, but I am not in favor of hundreds of on mountain condo units. Also, I don't want to lose my ability to drive to the base of the resort. I don't want to be bused up the mountain.
