Comments: I am requesting status as an interested person. The upshot of my concerns are here:

I am interested in participating in any resolution discussions between the objector(s) and the reviewing official for the following objection issues: the lack of Recommended Wilderness designation in the Plan for a couple of roadless areas that I would deem worthy of such a designation

Please provide a brief explanation of your interest in the objection(s) and any specific concern(s), including a description of your support or opposition to the objection(s): The arguments provided by the Forest Supervisor for NOT recommending Wilderness designation for both the Line Creek Plateau and Cowboy Heaven did not seem to be founded on "boots on the ground" facts or observations and/or the arguments against a Recommended Wilderness designation were not compelling.

Please identify when you commented during the planning process (scoping, draft EIS, and/or final EIS): Draft EIS and final EIS
