Title:

Comments: I am in support of the work that Midas Gold plans to do at Stibnite. I have been to Stibnite and have seen the effects of decades neglect. Midas is our only hope of getting the East Fork of the South Fork of the Salmon River restored to it's natural beauty while at the same time extracting valuable minerals needed for our national interest.

I have been a full time resident of Valley county for many years and see the need of jobs that pay a good wage that you could support a family on.
