Comments: Hello, I appreciate your time and energy with this project. It is very large and extremely complicated. I am writing that we extend the comment period to 120 days. 45 days to review and evaluate such a technical and detailed oriented DEIS is insufficient and quite frankly a not funny joke. This project will have impacts to the area for hundreds to thousands of years. We should NOT rush this process! Please, please, please consider the ramifications of a rushed path forward and do the right thing by extending the comment period. Thank you for your consideration and I hope you and your family are staying healthy.
