Title:

Comments: E-Bikes are non-polluting. No gas,oil,orexhausts. They are also quieter that gas powered bikes. If they are limited in the trails and areas they are used in, then I would favor a TRIAL of their use. Penalties for abuse,littering, going off trails, harassing game need to be steep. Permits should be revoked. As the range of these machines increases further consideration may be needed. Thank you for considering my thoughts.
