Title: Member

Comments: I would like to be an interested party in the CGFS review process. I have been involved for 5 years in CGFS review process. I also participated in the writing of my own comments and CCRC's comments about the CGFS. I want to be involved in all comments on CCRC's letter on the revised forest plan and EIS dated 09-08-2020. I would also appreciate an additional opportunity to comment on GYC's comments on wilderness for the CGFS revisited plan and EIS.
