Title:

Comments: I am opposed to any new development in South Fork, beyond a restroom facility. I believe the best plan for South Fork would be to close the road to vehicles at the junction of South Fork with the main stem of Cave Creek. The highest value of South Fork is wildlife habitat, public use should be limited to quiet passive recreation, including hiking, photography, bird watching and wildlife viewing.

I have been coming to Cave Creek annually since 1986. Until recently I owned a small parcel of land near Portal, and I value this area tremendously.

Thank you for considering my viewpoint.

Sincerely,

David Clendenen
