Comments: As an individual, I appreciate the opportunity to drive the Forest Service Road along the South Fork of the creek. There are days that I cannot walk the road because of periodic health problems. On those days, I would appreciate being able to travel up to "the berm" by car and walk from there.

I appreciate the opportunity to have a permanent vault toilet and a place to sit for a picnic to enjoy the lower South Fork area as described in the plan. The short adjacent trail planned would help my friends who are not mobile without assistance to be able to have a short walk and enjoy the forest.
