Comments: Thank you so much for considering allowing us to share the trails. Currently a ride with my children who are under normal pedal bicycles. We have to ride on motorcycle trails right now for me to ride with them. I am 49 years old and no longer as spry as in my youth. It will be nice to ride with my 12-year-old and not have to watch out for Dirt bikes. I have been riding in a pilot study program near Fort Collins Colorado. I am respectful and there's been no incidents. Anyhow thank you very much
