Last name: Troller

Organization:

Title:

Comments: MY name is Ted Troller and I have lived and worked in Portal in excess of 67 years.

Reviewing the South Fork Day Use Plan, I have some comments:

1. I have been on many committees and planning sessions over many decades, along with Alden Hayes and others. Most plans involving the public have come to naught.

2. About this plan I am vehemently apposed to closing the South Fork Road.

3. I am very much in favor of providing handicapped access to Cave Creek Canyon, restroom facilities and picnic tables.

4. There is a need for the Day Use Area, with out closing the road. I am in favor of this Plan, except the road closure.
