Comments: I am 82 years old and have several minor heart issues and in order to continue to ride a mountain bike I need the assistance that I get from my Class 1 emtb. When I was younger and not plagued with the heart issues I enjoyed riding my mtb on the trails in the Cherokee N/F, the Nantahala N/F, the Pisgah N/F and the Chattahoochee N/F. I would be very appreciative if I could once again ride the trails in the National Forest while I am still able. Thank you.
