Comments: Please consider allowing E-Bikes on non-motorized trails. I have been riding for over a decade now and thoroughly enjoy the luxury biking affords me to see so much of our beautiful country. A few ago I had a heart attack and now pedal a class 1 ebike. These bikes do no more damage to trails than pedestrians or horseback riders. It's my opinion that we actually help preserve many trails. Without our presence many trails become overgrown and virtually disappear. I ask you to please allow class 1 ebikes access. Thank you
