Comments: PLEASE allow ebikes and ebike rentals on federal trails. At age 68 ebiking is my only possible outdoor exercise, other than a little bit of water exercise. Biking is easier on my very bad back than walking! My usual speed on paved trails is 11mph, much less on unpaved trails. I am a harm to no one. When I travel to our beautiful natural lands I am so limited at outdoor activities if I cannot use my ebike!
